Accordingly, it is respectfully requested that the rejection be withdrawn. Claims 11 and 26 have also been amended in view of noted informalities. Applicant thanks the Examiner for these observations.

Accordingly, claims 11 and 26 have been herein amended to recite the tangible result of implement[ing] the decision to block or allow the identified activity, as disclosed in the specification at page 10, lines 8-11. It is respectfully submitted that these claims are now within the statutory provisions of 35 U.S.C. §101 and it is respectfully requested that the rejection be withdrawn.

Claim 27-35, similar in scope to claim 11, have been herein added, to further clarify applicant's claimed invention.
